I am applying for the Managing Editor - position because I love books and book production.

Though relatively new to manga (2016), I am a big fan. I own several series including Kodansha's *Sailor Moon* Eternal Edition — in English and Japanese.

In this position, I believe my Japanese-American community connections, manga sites experience and past production contacts may be excellent potential resources.

My project management experience:

- ❖ developed workflows to produce textbooks across several grades in English and Spanish
- ❖ managed page production teams of 3 to 14 people
- ❖ managed editorial team for Graph Expo daily production
- ❖ improved production times
- ❖ improvised workflows due to unexpected workload increase
- ❖ trained senior coworkers
- ❖ worked with domestic and international clients
