

QUESTIONS *and* ANSWERS

What do you like about Sonata Learning?

Why are you interested in working at Sonata Learning?

How did you make this presentation?

Photo courtesy of Christina

Sonata Learning makes information engaging, which translates into accessible.

I like helping people and I want to be part of the Sonata Learning team that makes information accessible globally. I want to help create these courses and videos.

If I am unsuccessful this round, I will keep applying to Sonata Learning as many times as it takes.

While I am familiar with Powerpoint and I do have a PC, I used Keynote on the Mac to create this presentation for 2 reasons:

- 1) I could create a video with audio and export it as an mp4 to use in this presentation
- 2) I could export the slides as an html to use as a portfolio website
