PRINT / WEB

Books

Creating books is my favorite form of production. Moving from raw text and graphics to pages, then to print and/or digital form — I love it all.

My experience includes:

- ◆ K-6 Textbooks - English and Spanish
- ◆ Hotel listing books for business travel
- ◆ Poetry and Biographical books
- ◆ Procedural documentation books

Skills:

- ◆ Create workflows
- ◆ Manage in-house, freelance, out-source teams of 3 to 14 people
- ◆ Manage vendors
- ◆ Gather assets
- ◆ Adobe CC and MS Office 365 experience
- ◆ xml tags with BITS schema and xslt

ENGRAVING Stationery

Engraving or “raised printing” produces beautifully detailed work, which takes time. Each piece is hand fed through the press and put on trays to dry.

My experience includes:

- ◆ Template creation for imprinting
- ◆ Logo creation and clean up
- ◆ Imposition to best fit plate size
- ◆ Hardware and software installations

Skills:

- ◆ InDesign and Quark use for templating
- ◆ Illustrator extensive use for art preparation
- ◆ RIP software for film production
