ENGRAVING
Stationery

Engraving or "raised printing" produces beautifully detailed work, which takes time. Each piece is hand fed through the press and put on trays to dry.

My experience includes:
- ✦ Template creation for imprinting
- ✦ Logo creation and clean up
- ✦ Imposition to best fit plate size
- ✦ Hardware and software installations

Skills:
- ✦ InDesign and Quark use for templating
- ✦ Illustrator extensive use for art preparation
- ✦ RIP software for film production

PRINT / WEB
Magazines

Like a good design, B2B magazine production has both repetition and variety. Every layout is fresh, a unique puzzle to assemble.

My experience includes:
- ✦ Monthly and Quarterly titles
- ✦ On-site daily production for Graph Expo
- ✦ Perfect bound and Saddle stitched
- ✦ Bellybands, Special covers and inserts
- ✦ Email blasts and Web ad campaigns

Skills:
- ✦ Help domestic and international clients
- ✦ Journal Designer and Producer
- ✦ Web portal and CMS for assets
- ✦ Image manipulation (clipping, color)
- ✦ Dreamweaver for web ads
